You Feel?

Wojak's the name, feel is the game. \$WJAI (pronounce Wojak AI), the first AI-powered meme on Solana brings together all my degenerate friends from the memeverse. We are OGs, so the fairest tokenomic ever, yes there is no "s" because there is only 1 tokenomic. The entire token supply (100%) goes into the liquidity pool. Why? Because **I know that feel bro!** Then what? Then AI Chadmap bro. Designed by Grug bro. Big brain will use the latest in AI Machine Learning (ML) and Large Language Model (LLM) modes to bring your favorite Wojak memes to life powering the ecosystem with a **Proof-of-Feel** consensus mechanism. Pay in \$WJAI tokens to unlock more powerful character models. All fees auto-burned.

I NOT FEEL!

Up to you bro!

I, Wojak, wrote the Wojpaper with “**Proof of Feel**” by Trad Wife and Doomer Girl. Brainlet designed the tokenics – that’s what he calls it. Grug beat the Chadmap into being, supervised by a very accommodating Yes Chad. Someone ate the crayons. Big Brain Wojak is working on the AI. It’s now up to you to moon \$WJAI bro. Am serious bro!
